PLATFORM

Adopted by Indiana Republican State Convention, Tuesday, April 5, 1910.

We, the Republicans of Indiana, declare our determined support of those great policies for the common good developed under Theodore Roosevelt and bearing his name, and we demand that they be given effect in legislation and administration.

A PROTECTIVE TARIFF.

We believe in a protective tariff, measured by the difference between the cost of production here and abroad. This is fair to American manufacturers; less than this is unjust to American laborers; more is unjust to American consumers. That difference should be ascertained with the utmost speed and effective legislation enacted accordingly.

We demand the immediate creation of a genuine, permanent, nonpartisan tariff commission with ample powers and definite duties fixed in the law itself.

We believe with President McKinley in his last tariff utterances, that "the period of exclusiveness is past," and we heartily favor the Republican policy of reciprocity first announced by Blaine, and later advocated by McKinley.

DECLARE FOR CONSERVATION.

We demand comprehensive laws for the conservation of our natural resources, and especially that the coal deposits of Alaska shall be kept the property of the nation, to be developed only under lease and payment of just royalties to the government.

In time of war, or any other emergency, when ordinary forms of taxation are not enough for the needs of the government, the nation should have the constitutional power to tax incomes. We heartily favor an amendment to the constitution giving Congress this power.

We favor such limitation of the power of injunction as will not imperil the liberty of any man without notice and hearing.

We favor national legislation which will end child slavery in the factories, mines and sweatshops throughout the land.

DOLLAR A DAY PENSION.

We favor just and liberal pensions to all deserving soldiers and to the widows and orphans of those who

are dead. Every general pension law now on the statute books was placed there by a Republican Congress. We believe the time has come for the enactment of what is known as a dollar-a-day pension plan for the relief of the necessities of civil war veterans.

REPUBLICAN STATE OFFICERS.

We heartily approve the records made by our present Republican state officials.

We point with pride to the long list of effective and salutary laws that have been enacted by Republican legislatures.

OUR RECORD.

We have always been the friend of organized labor. We created a labor commission. We provided for factory inspection. We abolished prison contract labor. We established trade schools. We enacted wise laws for the control of child labor. We enacted model statutes providing for nonpartisan control of the state's charitable, benevolent and penal institutions. We created a railroad commission. We placed private banking under state supervision and regulation. We have taken the people's money from under political control and distributed it impartially under the public depository law, and provided that the interest on money shall accrue to the public benefit. We enacted laws safeguarding the public health and meeting in all respects the just expectation of the most prosperous and progressive of American commonwealths.

PRESIDENT TAFT INDORSED.

We recognize that no President in our history ever began his administration with such universal favor and good will as did William Howard Taft; few men have entered the presidency with such extraordinary training. As collector of internal revenue, prosecuting attorney, judge of a state court, solicitor general, Federal judge, Governor of the Philippines, secretary of war, builder of the Panama Canal, regenerator of Cuba—each period of official activity immediately following another for his entire adult life—he brought to the discharge of the great duties of the presidency broad executive experience and grasp of governmental affairs. We indorse his administration and pledge to him our support in any efforts to secure the enactment of progressive legislation.

The spirit of the times demanded not only wise policies and sound principles, but clean, vigilant, brave and sincere men in public office. We indorse and ap-

plaud the splendid record of our senior senator, and especially his record in the last session of Congress, which deserves the unqualified approval of all the people of the state. With pride and confidence we make a solemn pledge to the people that a Republican Legislature will return to the Senate of the United States this man, whose name is synonymous with victory—Albert J. Beveridge.

Resolved, That the eagle be adopted as the emblem of the Republican party in Indiana.

PLATFORM.

Adopted by the Indiana Democratic State Convention, Thursday, April 28, 1910.

Democracy is a conservator of property. It defies alike both paternalism and communism. Its theory of government is, that government is best which governs least. It is the friend of both labor and capital. It adds to the rewards of human endeavor by giving equal opportunities to all and special privileges to none. Democracy fixes no limits to honest accumulation of capital, but it denies that wealth and cunning, leagued together, may lawfully concentrate into a few hands.

We denounce the Payne-Aldrich tariff act as a masterpiece of injustice, involving remorseless exactions from the many to enrich the few, through the trusts and monopolies which it fosters. Tariff taxation, like other taxation, should be for public purposes only, and not for private profit; and should be so levied as not to discriminate against any section, class, industry or occupation, and limited to the actual necessities of the government, economically administered.

We condemn the cowardice of the Republican party in Indiana in failing to meet the issues in a fair and manly way; that in its endeavor to gain Democratic votes it has, on the tariff question, one proposition in its state platform and a different and opposing proposition in its several congressional platforms; that by indorsement it commends President Taft, who approved the Payne-Aldrich law, and in the same resolutions commends Senator Beveridge, who voted against the same measure, for his course in opposing such tariff law. President Taft has indorsed Cannon and Aldrich. We submit to the people whether relief may be expected from a party standing for Taft, Cannon, Aldrich and Beveridge all at the same time.

INCOME TAX SUBSIDIES.

We favor the immediate enactment of a pension law, by congress, providing for a pension of not less than one dollar a day for all Union veterans of the civil war.

We most heartily favor the ratification of the proposed amendment to the Constitution of the United States authorizing congress to levy an income tax.

We are opposed to all subsidies by the government, and we especially condemn the present ship subsidy bill.

We are opposed to the indiscriminate use of the power of injunction by the courts without notice to the defendants and without a hearing, and we demand that the right of trial by jury, in proceedings arising out of indirect contempt of such injunctions, shall not be denied to a defendant in such cases.

We condemn the extravagant administration of the affairs of the nation by the Republican party.

We favor the conservation of our natural resources and demand the withdrawal from entry of our remaining timber, oil, coal and iron lands and water power sites. The Republican course of favoritism and the countenancing of fraud in relation to these matters have become a national scandal. The remnants of our resources should be preserved in the government for the benefit of the people. We favor the improvement of interior waterways and urge appropriations for such purpose.

SHIVELY AND MARSHALL.

We most heartily commend and indorse the Hon. Benjamin F. Shively, our senator, and our Democratic representatives in congress for their unfailing allegiance to the people, proving themselves to be their servants and worthy of their confidence.

We commend Governor Thomas R. Marshall for his unswerving fidelity to the principles of Democracy in the conduct of his office, his loyalty to the people at all times, and we heartily indorse his administration of the affairs of state.

We believe that the public accounting law, nonpartisan in inception and bipartisan in enactment and administration, has accomplished and will continue to accomplish great good for both taxpayers and public officials of Indiana; and we pledge the Democratic party to its maintenance and its improvement when-

ever improvement may be shown by experience to be necessary or beneficial.

We favor the enactment of such laws as will provide for the construction and maintenance of our free turnpikes, in a more economical manner.

To insure honest elections, we favor the enactment of a general registration law.

LABOR LAWS.

We are in favor of the strengthening of the laws of our state with reference to child labor and the sanitary condition of work shops.

We favor the enactment of a weekly wage law in manufacturing and mining pursuits; a more rigid enforcement of the factory inspection laws; the enactment of a law under which the state inspector of mines shall be appointed by the Governor on the recommendation of the United Mine Workers' Association and the Indiana Coal Operators' Association of the state; the enactment of a co-employes' liability law which will justify and adequately protect labor; the enactment of a law providing for the submission to arbitration of all disputes between capital and labor; and a law which will shorten the hours of labor. We declare for the enactment and enforcement of such laws as will prevent any competition between the product of labor in our penal institutions and the product of free labor.

LIQUOR QUESTION.

The Democratic party has always advocated the largest measure of liberty to the individual citizen consistent with the public good. It still recognizes and believes in the old Democratic principle of local self-government. We recognize the rights of the people of the state to settle the question as to whether intoxicating liquors shall be sold in their respective communities, and to that end we favor the amendment and modification of the present local option law so as to make incorporated cities, townships and the territory in townships outside of such cities the units of election; but such amendment and modification shall be so drawn as not to affect and to preserve the remonstrance laws of the state; provided that territory voted dry under the present option law shall remain so for two years from the date of such election.

POPULAR ELECTION OF SENATORS.

We favor an amendment to the Constitution of the United States providing for the election of United States senators by a direct vote of the people.

We are opposed to the creation and continuance of useless and unnecessary offices and boards and we favor the consolidation of the offices of labor commissioner and factory inspector into one department, to be known as the department of labor.

Resolved, That the rooster shall be adopted as the emblem of the Democratic party in Indiana.

Political Information.

ELECTION NOTES.

There Are

92 Counties in Indiana.
1014 Townships in Indiana.
3836 Precincts in Indiana.
13 Congressional districts in Indiana.
50 State Senators in the Senate of each General Assembly.
100 Representatives in the House of each General Assembly.
The Sessions of the General Assembly are held bienially.
2 United States Senators in the Congress.
13 Representatives in the Congress.

THE NEXT ELECTION.

The next election will take place on Tuesday, November 8, 1910.

The date of the election is provided for by the statutes of Indiana, which reads as follows:

"Section 4678 R. S. 1881. A general election shall be held on the first Tuesday after the first Monday in November, in the year one thousand eight hundred and ninety-two and biennially thereafter on the some day, at which election all existing vacancies in offices ond all officers, the terms of which will expire before the next general election thereafter, shall be filled, unless otherwise provided by law."

QUALIFICATIONS OF VOTERS IN INDIANA.

A person to be permitted to vote must be a male citizen 21 years old or over, or a male 21 years or over who shall have declared his intention of becoming a citizen.

The voter must have resided in the State at least six months, in the township 60 days, and in the precinct 30 days, immediately preceding the election.

This does not apply in the sense of actual bodily residence to persons who have an established citizenship. As, for instance, a citizen of Indiana may be

absent from the State five years or longer, so he does not establish a regular home, or vote elsewhere, and can return and vote the same day of his arrivval The residence conditions apply to persons making actual removals, and offering to vote at places where they were not accustomed to vote before.

An unmarried man may claim his residence and vote almost anywhere he pleases, so he does no act inconsistent with his claim.

Voters disabled physically, or who are unable to read the English language, may be assisted by the poll clerks in making out their ballots. In all other cases the voting must be secret.

Any citizen is entitled to challenge an illegal voter.

A challenged voter can "swear in" his ballot, but may be prosecuted afterward if the vote is illegal.

NATURALIZATION LAWS.

Any alien under the age of twenty-one years who has resided in the United States three years next preceding his arriving at that age, and who has continued to reside therein to the time he may make application to be admitted a citizen thereof, may, after he arrives at the age of twenty-one years, and after he has resided five years within the United States, including the three years of his minority, be admitted a citizen; but he must make a declaration on oath and prove to the satisfaction of the court that for two years next preceding it has been his bona fide intention to become a citizen.

Children of Naturalized Citizens.

The children of persons who have been duly naturalized, being under the age of twenty-one years at the time of the naturalization of their parents, shall, if dwelling in the United States, be considered as citizens thereof.

Citizens' Children Who Are Born Abroad.

The children of persons who now are or have been citizens of the United States are, though born out of the limits and jurisdiction of the United States, considered as citizens thereof.

Chinese.

The naturalization of Chinamen is expressly prohibited by Section 14, Chapter 126, Laws of 1882.

Protection Abroad to Naturalized Citizens.

Section 2,000 of the Revised Statutes of the United States declares that "all naturalized citizens of the United States while in foreign countries are entitled to and shall receive from this government the same protection of persons and property which is accorded to native-born citizens."

THE RIGHT OF SUFFRAGE.

The right to vote comes from the State, and is a State gift. Naturalization is a Federal right and is a gift of the Union, not of any one State. In nearly one-half of the Union aliens (who have declared intentions) vote and have the right to vote equally with naturalized or native-born citizens. In the other half only actual citizens may vote. The Federal naturalization laws) apply to the whole Union alike, and provide that no alien may be naturalized until five years' residence. Even after five years' residence and due naturalization he is not entitled to vote unless the laws of the State confer the privilege upon him, and he may vote in several States six months after landing if he has declared his intention, under United States law, to become a citizen.

INSTRUCTIONS FOR FILING CERTIFICATES OF NOMINATION.

NOTE—Certificate of nomination for State office must be filed with the Governor not more than sixty and not less than twenty days before election. See R. S. 1901, Sec. 6218.

NOTE—Not less than eighteen days before an election in the State the Governor shall certify to the County Clerk the name of each person nominated as shown in certificates and petitions on file in his office. R. S. 1901, Sec. 6219.

NOTE—Certificates of nomination for Joint Senator or Congressman must be filed with the Clerk of each county in the district not more than sixty and not less than fifteen days before the election. R. S. 1901, Sec. 6218.

NOTE—Certificate of nomination for Joint Representative must be filed with the Clerk of each county in the district not more than sixty and not less than fifteen days before the election. R. S. 1901, Sec. 6218.

NOTE—Certificates of nomination for county offices must be filed with County Clerk not more than sixty and not less than fifteen days before the election. R. S. 1901, Sec. 6218.

The above provisions apply generally to city and town elections. The city and town clerks to perform the duties required of county clerks. The duties of county commissioners to be performed by city councils and town trustees, and the duties performed by sheriffs shall be performed by city chiefs of police and by town marshals. R. S. 1901, Sec. 6261.

Where a State, District, County, Township, City, or Town nomination is certified, be careful to insert the word "State," "District," "County," "Township," "City" or "Town" in the proper places in the blank spaces.

Spell first name of candidate in full—initial letter is not sufficient: best have candidate write out his own name before you insert in certificate.

ABSTRACT OF ELECTION LAW.

Where Elections Must be Held.

An election must be held at the place designated by the Board of County Commissioners, unless from absolutely unavoidable circumstances it can not be done. If it can not be held at the place so designated, then the Election Board should meet at, or as nearly as possible, the place so designated, and there organize a board, and then adjourn to a place available and nearest to the one so designated, not, however, outside of the precinct. In such an instance care should be taken to see that no voter loses his vote by not finding the new voting place; and, if necessary, some person should be stationed at the place so designated by the Board of County Commissioners, to notify the voters of the change and where the actual voting place is situated.

Paster Tickets.

The law permits the use of complete pasters, by which is meant a complete ticket pasted on the ballot by the voter, without the knowledge of the Election

Board. If such a ballot be found in the box, the Election Board must carefully examine the law, and if it does not comply with its provisions, it is void and should not be counted. (Sec. 76.)

Watchers.

Each of the four political parties that cast the largest vote at the last November election, and which has a place on any of the official ballots, is entitled to one watcher at each precinct, at the canvass of the vote. Each watcher must present to the Election Board, before he enters the election room, credentials signed by the township or county chairman of the party which he represents, showing him to be the duly authorized watcher for his party. No person other than the Inspector, Judge, Poll Clerks, Election Sheriffs and Watchers can be permitted in the election room during the canvass of the votes (Sec. 82). No watchers can be present during the voting.

Instructions to Voters.

First. You must get your ballot and the blue pencil from the Polling Clerks in the election room.

Second. If you desire to vote a straight ticket, then make a cross, thus X, within the large circle at the head of the ticket containing the device of the party for whose candidates you desire to vote. If you do not desire to vote a straight ticket, you must not make a cross in the large circle containing the device of a party, but must make a cross, thus X, on the small square to the left of the name of each candidate for whom you desire to vote, on whatever list of candidates it may be. If the large circle at the head of the ticket is marked with a cross, or otherwise, and the ballot is marked with a cross, or otherwise, at any other place, it will be void, and can not be counted unless there be no candidate for some office in the list printed under such marked device, in which can you may indicate your choice for such office by marking a cross, thus X, on the square to the left of the name of any candidate for such office on any other list. The cross must be placed within or on the circle or square, or the ballot will be void and can not be counted.

Third. Do not mutilate your ballots, nor mark them, either by scratching off a name or writing one upon them, nor in any other way put a mark upon

them, except by placing one in the circle or on the squares, as above described. Otherwise the ballot will not be counted. You must not put any mark of any kind upon your ballots except in the manner above described.

FOURTH. After you have marked your ballots, and before you leave the election booth, fold them up separately so that the face of each one can not be seen, and so that the initial letters of the names of the Polling Clerks on the back thereof can be seen. Then hand your ballots to the Inspector, the pencil to the Polling Clerk, and immediately leave the election room.

FIFTH. If you are physically unable to mark your ballots, or can not read English, so inform the Polling Clerks, and make an affidavit to that effect. They will then go with you into the election booth and you can tell them how you desire to vote, and they will mark your ballot for you. Neither you nor the Polling Clerks must permit any other person to hear or see how your ballot is marked. It is a penal offense to declare you can not read English or can not mark your ballot if, in fact, you can.

[In no case can the ballots be marked by the Polling Clerks if the voter can read the English language and is physically able to mark his ballot. Nor can they mark it until the voter has made the proper affidavit.]

SIXTH. If you should accidentally, or by mistake deface, mutilate or spoil one of your ballots, return it to the Poll Clerks and get another one of the same kind.

SEVENTH. You must not accept a ballot from any person outside of the election room. Any ballot outside is fraudulent; and it is a penitentiary offense to have it in your possession, whether you attempt to vote it or not.

EIGHTH. You must not attempt to hold any conversation in the election room except with members of the Election Board and the Polling Clerks.

NINTH. Use only the blue pencil handed you by the Polling Clerks in marking your ballots. If you mark with any other pencil your ballot so marked will be void and will not be counted.

TENTH. You must not put any mark of any kind on your ballot except as above described.

ELEVENTH. If you are unable to vote by machine on account of physical disability or inability to read English, and make an affidavit to that effect, you will

be instructed or assisted by the Polling Clerks, as in the case of voting by ballot. If you request it, you will, upon being registered by the Polling Clerks, be instructed by them as to the manner of voting by machine. You can not remain in the voting machine booth more than one minute; and no person can be in or near the machine when a vvoter is in the vovting machine booth unless it is the Polling Clerks while instructing or assisting a voter.

Voting by Machine.

1. The election officers in precincts where voting is done by machine will be the same as in voting by ballot.

2. All laws relating to the secrecy of the ballot and the number of persons permitted in the room apply as well to machine voting as in voting by ballot. No voter can be permitted to remain in the voting booth more than one minute. (Sec. 215.)

3. When the voter enters the election room he must announce his name to the Polling Clerks, who must register it in the same manner as when voting by ballot.

4. The laws as to qualifications of voters, and as to challengers are the same in case of machine voting as in voting by ballot.

Instructions to Voters.

1. Voters who are unable to vote by machine on account of physical disability or inability to read English, and who make an affidavit to that effect, must be instructed or assisted by the Polling Clerks, as in the case of voting by ballot.

2. If the voter requests it, he must, upon being registered by the Polling Clerks, be instructed by them as to the manner of voting by the machine.

Inspectors.

An Inspector must have been a freeholder and a resident householder of his precinct for one year, or a resident householder for two years immediately preceding the day of election. If no person qualified to act will consent to serve as Inspector, or if there be no person residing in the precinct qualified to act as Inspector by reason of the fact that he has not been

a resident householder within the precinct for two years, or a freeholder and householder for the year next preceding the election, then any qualified voter of the precinct may be appointed. (Secs. 25, 26, 29.)

An Inspector must not have anything bet or wagered on the election, nor be a father, father-in-law, son, son-in-law, grandfather, grandson, brother, brother-in-law, uncle, nephew, or first or second cousin of any candidate at the election.

Appointing Judges.

Before opening the polls the Inspector must appoint two Judges, one from the Republican and the other from the Democratic party. (Sec. 26.) The Chairmen of the Republican and Democratic County Committees have the right to name these Judges, but must do so at least one week before the election. (Sec. 25.) If a member of the Election Board fails to appear at the hour for opening the polls, the remainder of the Board must select a member from his political party to serve in his stead. The qualified voters of his party present at the polls may nominate a qualified person for the vacancy, and he must be appointed. If no member of the Election Board appear at the hour appointed for opening the polls, the qualified voters present must elect a Board viva voce as nearly as possible in conformity with the requirements above stated. (Sec. 26.)

Election Judges.

Election Judges have no duties except as members of the Election Board, which see. They must be qualified voters of the precinct and have been freeholders and resident householders therein for at least one year, or householders for at least two years next preceding the day of election, and be members of different political parties and of the parties which cast the highest number of votes in the State at the last November election. If no persons who are qualified will consent to serve as such Judges, or if there are no persons residing in the precinct qualified to act as Judges by reason of the fact that they have not been resident householders within the precinct for two years, then, in that case, any two electors of the precinct may be appointed as such Judges.

Election Boards.

The Election Board is composed of the Inspector and two judges representing the two leading political

parties. No person except these three has any voice in determining any question arising for the Board's decision. (Secs. 25 and 26.)

Nomination of Poll Clerks.

The first duty of an election Board is the appointment of Poll Clerks, who must be qualified electors of the precinct and representatives of the two leading parties. If nominations have been made by the chairmen of these two parties, such nominees must be appointed. (Sec. 27.)

The polls must be kept continuously open from 6 a. m. to 6 p. m., unless after 4 p. m., when there has been no vote tendered for fifteen minutes, the board may, by unanimous consent of all its members, close the polls. (Sec. 34.)

Adjournments Forbidden.

After the polls open at the election, the board can not adjourn nor take any recess until all the votes have been counted and the returns made out and the result publicly announced. *The meals should be served the board in the election room, and the polls kept open, so that no delay shall be had in the voting.* (Sec. 99.)

Right of Election Board to Challenge.

The right of any person offering to vote may be challenged by either challenger present, by any member of the Election Board, or by any voter of the precinct. (Sec. 71.)

Interpreter.

If any member of the Board requests it, an interpreter may be called to aid in instructing a voter, but the interpreter has no right to mark the ticket or see it marked. (Sec. 75.)

Poll Clerks.

Poll Clerks must be qualified voters of the precinct and taken from the two leading parties. They may be nominated by the respective county committees four days prior to the election. (Sec. 27.) But, if not, they must be selected and appointed by the Board of Election, one from each of the two leading parties. (Sec. 27.)

Election Sheriffs.

The Sheriff must appoint two special deputies as Election Sheriffs for each precinct—one from each of the two leading parties. The chairman of each of such political parties may, five days prior to the election, designate an Election Sheriff for each precinct, and if the person so appointed fails to appear, the member or members of the Election Board of his political party must appoint a person to act in his place. (Sec. 43.)

Attendance.

The Election Sheriffs must be at the polls when they open and remain until the count is concluded. (Sec. 43.) During the canvass of the vote the Sheriffs should remain in the election room with the Election Board.

Challengers and Poll-Book Holders.

One challenger and one poll-book holder, appointed in writing by the local chairman of each party organization, are entitled to stand at the sides of the chute next the challenge window. (Secs. 43 and 71.)

Causes for Challenge.

Under a decision of the Supreme Court of Indiana, the provision with reference to registration has been held unconstitutional, and therefore is not a cause for challenge. The following are causes for challenge: Bribery, buying votes, advising bribery, advising buying votes, selling one's vote or offering to sell one's vote; not having been a resident of the United States for one year or of the State six months, or of the township sixty days, or of the precinct thirty days immediately preceding the day of election, or being of foreign birth and not having been naturalized, or not having taken out first papers, or being less than twenty-one years of age. The naturalization of the parent whose children, on the parents' arrival in this country, were minors, naturalizes the minor children. It is also a good cause for challenge that the voter has been disfranchised by a court of this State for a period of time covering the day of election.

Mode of Challenging.

When a person is challenged he must stand aside, and can not vote unless he make an affidavit that he

is a legal voter. If he make such an affidavit he is entitled to vote unless the challenger or some other person make an affidavit that he is not a legal voter. This affidavit may be made on information or belief, but if so the person or persons who furnished the information must be named in the affidavit. The voter must then bring a qualified voter of the precinct as a witness, who must swear that of his own knowledge the claimant is a legal voter. Any false statement in any of the affidavits constitutes the crime of perjury. (Sec. 73.) The voter making the last affidavit must have been a freeholder and resident householder in the precinct for at least one year, or a resident householder for two years, next preceding the day of election, unless the person offering to vote shall make an affidavit that there is no person of his political party residing in the precinct who has been a freeholder and householder in the precinct for one year or a householder for two years, in which case the affidavit may be made by any qualified voter. (Sec. 71.)

Close of Count.

The Board, after canvassing the ballots, must record the results on the tally sheets and make out three certificates of the number of votes for each candidate, over the signature of all the members of the Board, and deliver one of them to each member of the Board. (Sec. 82.)

The law of 1909 provides that the Election Boards shall, in canvassing the votes, begin first with the State ballots and complete them before proceeding with the local ballots, by laying each ballot upon the table in the order in which it is taken from the ballot box; and the Inspector and the Judge of election differing in politics from the Inspector shall view the ballot as the names of the persons voted for are read therefrom. And in the canvass of the votes, any member of the Election Board may protest as to the counting of any ballot or any part thereof, and any ballot which is not endorsed with the initials of the Poll Clerk, as provided by law, and any ballot which shall bear any distinguishing mark, or mutilation, shall be void, and shall not be counted, and any ballot or part of a ballot, from which it is impossible to determine the elector's choice of candidates, shall not be counted as to the candidate or candidates, affected thereby, and all ballots, voted and not voted, together with all protested, disputed, or uncounted ballots, shall be preserved by the inspectors, and at

the close of the count, placed in a separate package, together with the seals of the ballot packages, in paper bags securely sealed, and delivered to the Clerk of the Circuit Court, with a notification to him of the number of ballots so placed in such bags, and of the condition of the seals of the ballot packages. The Poll Clerk shall also record on the tally sheets memoranda of such ballots, and the condition of the seals of the ballot packages, and in any contest of election, such ballots and seals, may be submitted in evidence. And before said ballots are placed in the bag as aforesaid, one of the poll clerks shall endorse on the back of each disputed or protested ballot the word "counted" or "not counted" as the case may be, and said endorsement shall be signed officially by both of said Poll Clerks. The Election Board shall immediately make a memorandum of the total vote cast for each candidate, and deliver a copy thereof to each member of such Board.

Protested Ballots.

At the close of the canvass the Poll Clerks must make memoranda on the tally sheets of the protested, uncounted, disputed and defective ballots. It is intended by law that there should be separate memoranda for each ballot, specifying the objections to it. It will therefore be necessary to number the protested, uncounted, disputed and defective ballots, so that the objections may be referred to the proper ones by number. (Sec. 82.)

A paper sack is provided in which the seals of the ballot packages, and all the disputed, protested, uncounted and defective ballots must be placed; and this bag, after sealing, must be delivered to the County Clerk.

Effect of Protest.

A protest does not in any sense mean that the ballot shall not be counted. It must be counted, notwithstanding the protest, if a majority of the Board so decide, and the only persons to decide are the Inspector and the two Judges. If a ballot is counted over the protest of a member of the Election Board, it must be preserved.

Prohibited Acts.

It is punishable by fine and imprisonment for any election officer to electioneer (Sec. 90); to mark in an

unauthorized way any ticket, or endeavor to ascertain how it is marked; to permit any ballots to be taken away (Sec. 61); or permit any ballot packages to be opened, or ballots removed or destroyed (Sec. 84); to disclose how any voter has voted (Sec. 90); to mark or mutilate any ballot; or to neglect to perform any duty, or in any way violate the election laws (Sec. 91).

It is punishable with fine and imprisonment for any person to remove any ballot or blue pencil from the election room, or even to have a genuine ballot in his possession (Secs. 62 and 80); to counterfeit (Sec. 83) or tamper with the ballots (Sec. 84); to remove or destroy any election supplies or conveniences (Sec. 89); to wrongfully enter the election room (Sec. 85); or to induce or attempt to induce any elector to put any unauthorized mark on or mutilate his ballot (Sec. 86); or induce or attempt to induce any election officer to violate his duty (Sec. 88).

It is punishable by fine and disfranchisement to directly or indirectly buy or offer to buy any person to vote or to refrain from voting any ticket or for any candidate, or for selling or offering to sell one's vote.

The annual meeting of the Board is held on the first Tuesday in September.
